5577 Additional accommodation for the Industrial School, Channapatna

General and Revenue Secretariat — File No. 431 of 1940 : — [App. F. III-2

Serial No.

(47335/4772)
Spc. 431-40
File sent to Minister 15/7

— Letter No. D1-46/40-41 dated the 20th June 1941, from the Dir. of Ind. forwarding detailed estimate and plan for the proposed expansion of the Industrial School buildings at Channapatna, to accommodate the leather stitching factory and button-making classes.

Orders have not yet been passed on the Dir's proposals in the main file regarding the starting of the 3 new classes (Button-making, Pottery & Leather-Stitching) at Channapatna in that file. The Dir has proposed a non-recurring expenditure of Rs. 12900/- (inclusive of Rs. 10000/- required for buildings for the new classes) during the year 1941-42.

This paper will be resubd for orders on receipt of the main file subs.

25) The scheme involves a non-recurring expenditure of Rs. 12,900, and a recurring expenditure of Rs. 9,700 from the third year (the recurring expenditure during the first and second years being Rs. 6,000 and Rs. 8,700 respectively). I do not think that such schemes intended only for teaching work can be regarded as legitimately chargeable to the Industrial Development Fund, which is mainly intended for financing non-recurring or preliminary items of expenditure connected with the development of existing industries and mostly establishment of new industries. The scheme cannot also be regarded as quite urgent even for development purposes, and as there is no provision for the purpose in the current year's revenue budget, it has necessarily to be deferred. NOTE—Contn. Sheet.

WD 03967—GPB—5,000—30-8-41

Final Note by the Minister for Law.

Subject.—

Proposal to start classes for Leather Goods Manufacture, Button-Making, and Pottery in the Industrial School at Chennapatna.

These papers relate to the proposals of the Director of Industries and Commerce in Mysore, to start classes in Leather-Making, Pottery and Button-Making in the Industrial School at Chennapatna. The main line of activity in the School at present has been the giving of training to boys in the lacquerware industry. It is now considered desirable to develop other industries for which natural facilities exist in the locality. The addition of training sections for the three industries, namely, Leather Goods Manufacture, Button-Making and Pottery has been selected as being most suitable on account of the availability of the raw materials required and other natural facilities.

The Director of Industries and Commerce in Mysore has accordingly submitted a scheme for sanction with the following details of expenditure both recurring and non-recurring to be incurred in respect of the industries referred to above for three years.

		Rs.
I. <u>Details of cost for 1941-42.</u> (for six months).		
1) Leather goods Manufacture.	..	864/-
2) P o t t e r y	..	1,290/-
3) Button-making	..	850/-
Recurring cost for 1941-42 for all the three classes	..	3,004/-
Non-recurring cost for 1941-42 (Building and Equipment)	..	14,200/-
II. <u>Details of cost for 1942-43.</u>		
1) Leather Goods Manufacture.		3,108/-
2) P o t t e r y		2,580/-
3) Button-Making		1,700/-
T o t a l		7,388/-

Or Rs.7,400/-

III.	Details of cost for 1943-44.		Rs.
1)	Leather Goods Manufacture.		4,168/-.
2)	P o t t e r y.	..	2,580/-.
3)	Button-Making.	..	1,700/-.
	T o t a l.	..	8,448/-.
	Or Rs.8,500/-.		

No expenditure on the scheme is proposed to be incurred beyond 1943-44 without reviewing progress and unless fresh sanction is given. It is proposed to entrust the scheme to the Industrial School at Chennapatna for convenience, but there is no commitment as to the scale of expenditure on the School after 1944-45.

The above scheme was examined by the Cottage Industries Committee and approved by them. It is proposed to start these classes from 1st January 1942. The expenditure will be met from the amount available in the Industrial Development Fund.

The proposals have been approved by the Dewan and other Ministers and I solicit the gracious sanction of His Highness to the same.

Bangalore,
2nd December 1941.

MINISTER FOR LAW.

FROM B.G.A.Mudaliar, Esq., B.A., B.Sc., A.M.I.Mech.E.,
Director of Industries & Commerce in Mysore,
Bangalore.

To M.Venkatesa Iyengar, Esq., M.A.,
Secretary to the Government of Mysore,
Development Department,
Bangalore.

No. D1/336/40-41.

Enclosures one statement

Dated 18th March 1941.

SIR,

STARTING OF LEATHER GOODS MANUFACTURE,
BUTTON-MAKING AND POTTERY CLASSES
IN THE INDUSTRIAL SCHOOL, CHANNAPATNA.

The Industrial School at Channapatna is one of the biggest of its kind in the State. The main line of activity in the school at present has been the giving of training to boys in the lacquerware industry as this forms the occupation of more than 1000 workers in and around Channapatna. The local population have thus an artistic tradition and it is considered desirable therefore to develop other industries for which natural facilities exist in the locality and which could be easily introduced there. The addition of training sections for three industries, viz., Leather Goods Manufacture, Button-making, and Pottery have been selected as being most suitable on account of the availability of the raw materials required and other natural facilities.

The cost involved (both recurring and non-recurring) in starting classes for training in the above industries is enclosed in a statement. Taking the first of them, viz., Leather Goods Manufacture, the scheme proposed is to give

at present

(II)

The recurring cost as put up will be incurred when the scheme is in full operation, i.e., in the year 1943-44. During the years 1941-42, 1942-43, all the classes will not be working and the recurring cost will therefore proportionately be reduced and will be Rs.6,000/- and Rs.8,700/- respectively. During the year 1943-44, the full recurring cost estimated, viz., Rs.9,700/- will be incurred. The non-recurring cost amounting to Rs.12,900/- or say Rs.13,000/- will have to be provided for in the first year of working, viz., 1941-42. For the next three months during the financial year 1940-41, classes will be organised and the students given preliminary training. They will be taken on to the first year from June when the school opens for the working session. The cost to be incurred will be as detailed below:-

in addition to Rs 10,000 for buildings (approx) vide statement I.

1940-41.

SIR,

Starting of classes in leather goods, Pottery and Button making in the Industrial School Chennapatna
******

With reference to your letter No.D.5494/I.&.C.43-40-2 dated 25th April 1941, I have the honour to state that the proposals contained in my letter of even number dated 24th March 1941 are not in addition to the proposals made under Rural Development for three years. It was first contemplated that --- these classes were to be run for three years under rural development scheme and later it has been proposed to start them in the Industrial School,Chennapatna. The provision made in the three year plan for these classes will have to be deleted.

I request you to kindly obtain early orders of Government to enable me to obtain good instructors to start the classes from 1-7-1941.

Starting of Classesin Leather, Pottery and Button Making at the Industrial School, Chennapatna

---

I have the honour to invite kind reference to my letter of even number dated 18/24th March 1941 submitting proposals for the starting of the above mentioned three classes at the Industrial School, Chennapatna. The classes have to be started at least from 1st July 1941 and I have to make arrangements to obtain suitable instructors in advance to organise the classes and arrange for the necessary equipment in time. I shall be much obliged if you will kindly obtain the early orders of Government in the matter. In the meanwhile, I request you to kindly intimate if I may take steps to obtain the services of suitable instructors.

Starting of classes in leather-making etc., in the Industrial School, Channapatna.

Sir,

With reference to correspondence ending with your letter No.Dl. 336/40-41 dated the 12th May 1941, on the above subject, I am directed to request you to place this scheme before the cottage industries Committee. If that Committee approves of this scheme as a useful experiment to be tried at Channapatna definitely for a period of three years and to the debit of the cost for three years to the Industrial Development Fund, the scheme will be taken up for consideration. If at the end of three years it is decided to continue these classes as an expansion of the regular activities of the Channapatna Industrial School, the expenditure of subsequent years will have to be provided in the Departmental budget.

I am to add that the Button-making course may also be limited to one year.

I have the honour to be,
Sir,
Your most obedient servant,

SIR,

Subject: Additional accommodation for the Industrial School, Channapatna.

Dir 4733. Secy 19/6. Mr. 1677

In continuation of my letter of ~~even~~ No. D1-336/40-41 8/10 th May 1941 dated ~~11th Novr. 1940~~ submitting for the sanction of Government proposals for starting classes in leather-stitching, pottery, and button-making, I have the honour to forward herewith the letter No.1972 dated 31st May 1941 from the Executive Engineer, Bangalore Division, with the detailed estimate and plan for the proposed extension of the Industrial School buildings at Channapatna to accommodate the above three classes.

The Chief Electrical Engineer has agreed in his letter No.669 dated 1st April 1941 to spare the required vacant land to the rear of the existing school building.

I shall be obliged if you will kindly obtain the early sanction of Government in the matter. I have made necessary provision in the Budget Estimates for 1941-42.

I have the honour to be,
Sir,
Your most obedient servant,

B.G.A. Mudaliar
DIRECTOR.

SGR -2)

P.S. This Extension is absolutely necessary for accomodating the new classes mentioned. BGAM

Dated 10th September 1941.

Enclosures (1)

SIR,

Starting of classes in leather making, Pottery and Button making in the Industrial School, Chennapatna

---

With reference to your letter No.D.624/I&C.431-40 dated 2nd August 1941 on the above subject, I have the honour to state that the scheme was placed before the Cottage Industries Committee on the 13th August 1941 and after discussion they have approved of the Scheme for being recommended to Government for sanction. I enclose herewith an extract of the proceedings of the Committee and a statement showing the expenditure for the three years starting from this year.

The building to accommodate these classes has to be constructed immediately. The relative estimate and plan proposed by the Executive Engineer, Bangalore Division was submitted to Govt., in this office letter No.D1-46/40-41 dated 20th June 1941, and I request sanction of Government may be kindly accorded so that the construction of the building may be taken up immediately. I propose to start these classes from 1st January 1942. There will, thus be sufficient time for organising the classes as well as selection of suitable Instructors.

I shall be obliged if you will kindly obtain the immediate orders of Government to permit me to take necessary action on the scheme.

pt

The cost for the first three years 1941-42 to 1943-44 will be met out of the provision under 28 I.&.C. 4.Demonstration and Experimental Works (iv)(b)Rural and Minor Industries.

I have the honour to be
Sir
Your most obedient servant

DIRECTOR.

T.R

for Mr. Rajagopalachar
Director.

Extract from the proceedings of the meeting of the Cottage Industries Committee held on the 13th Augt 1941.

** ** **

Starting of a Leather stitching and pottery classes in the Industrial School at Channapatna.

The Chairman said that during his deputation to Northern India, he found in Lucknow and other places regular schools established to train people in high class leather stitching. In Mysore, he observed, that Channapatna Industrial School was well suited for the purpose. It was proposed to train students in this school to take up work in other centres. This, he added, would also serve as Research Classes for Cottage Industries as Hyderabad and other places. To a querty as to why funds for the purpose should not be found from the Industrial Schools' Budget, the Chairman answered that as at pre-sent funds in the Industrial Schools budget were - - limited and as they had enough grant under Rural and Cottage Industries Development, it was proposed to - meet the expenditure from out of the latter grant.

The Committee approved of the scheme being recommended to Government for sanction.

Correspondence ending with letter No.Dl.336/40-1 dated the 12th September 1941 from the Director of Industries and Commerce, forwarding for sanction proposals for starting classes for Leather Goods Manufacture, Button-making and Pottery in the Industrial School at Chennapatna.

ORDER NO. D 3515-9/ 2 + c 431-40-6

9-1-42

Dated, Bangalore, the ~~December~~ 1941

The main line of activity at present in the Industrial School at Chennapatna has been the giving of training to boys in lacquer ware industry. The Director of Industries and Commerce considers that it is desirable to develop other industries for which natural facilities exist in the locality and accordingly recommends the addition of training sections for the three industries viz., Leather Goods Manufacture, Button-making and Pottery. These have been selected as being most suitable on account of the availability of the raw materials required and other natural facilities.

2) He has accordingly submitted a scheme for sanction (as per details in the list attached) in respect of the starting of classes for the teaching of the above subjects for a period of three years. The scheme has also been approved by the Cottage Industries Committee and it is

28

proposed to start the classes from 1st January 1942.

3) Government are pleased to accord sanction to the proposals of the Director, the expenditure being met from the amount available in the Industrial Development Fund. No. expenditure on the scheme should be incurred without sanction of Government beyond 1943-44. The Scheme will be entrusted to the Industrial School at Chennapatna for convenience but there is no commitment as to the scale of expenditure on the School after 1943-44.

SIR,

Button Class - Industrial School,Chennapatna - Period of Training -.

*****

I have the honour to invite a kind reference to the suggestion made in para 3 of your letter No.D.624/I&C.431-40 dated 2nd August 1940 that the course of training in the Button Section be limited to one year only ~~[illegible]~~ and to state that the matter has been well considered in the light of the experience gained for the past three years and the period of training was fixed at 2 years as the minimum as already reported in my letter of even number dated 15th March 1941. The students will have to work for a longer period to ~~give~~ obtain profieicney in the trade. I consider that the minimum period of 2 years is quite necessary to acquaint the students in the process of button making and advance training given to them on piecework system as is done in case of the students of the Carpentry IV and V year class.

I request you therefore to kindly ~~to~~ obtain the sanction of Government in the matter.

I have the honour to be
Sir
Your most obedient servant

SIR,

Subject:--Construction of additional buildings for the Industrial School at Chennapatna.

******

With reference to correspondence ending with G.O.No.D.3515-9/I.&.C.431-40-6 dated 9th January 1942 sanctioning the scheme of starting three additional classes in the Industrial School, Chennapatna, I have the honour to state that the construction of the additional accommodation has not yet been taken up by the Executive Engineer, Bangalore Division and I understand that the Executive Engineer will have to call for tenders after obtaining the administrative sanction from the Chief Engineer. Unless the building is completed before May 1942, it will not be possible to start these classes.

2. I, therefore propose to start the classes from 1st July 1942 the date the school year begins, by which time the building is expected to be ready. This will also give sufficient time to get necessary staff &c., I request you kindly to obtain the approval of Government to the above proposal.

3. I enclose for your information copy of my letter to the Chief Engineer, regarding the building.

I have the honour to be,
Sir,
Your most obedient servant,

Director.

M.M)11-2-42.

In reply to your letter dated February 1942 from the Executive Engineer of Bangalore, Public Works Department, Central Office, Bangalore, to the Inspector of Industries and Commerce in Mysore, Bangalore.

Subject:- Providing additional accommodation to the Government Industrial School at Channapatna.

With reference to your letter No. DI-336/40-41 dated 2-2-1942 in regard to the above work, I have the honour to forward herewith an estimate amounting to Rs 10,000/- together with the connected drawings prepared as per your requirements for kind counter signature and early return.

In this connection, I request you to communicate to this office the orders of Government to proceed with the work in anticipation of sanction to the estimate amounting to Rs 10,000/- since the authorisation conveyed originally in letter No. P-2375 dated 12-11-1941 was on the basis of an estimate furnished by the Executive Engineer, Bangalore Division for Rs 8,300/- only.

The excess in the amount of the estimate is due to the present proposal being a more substantial construction and also to slightly increased dimensions. In view of the urgency, I would request you to kindly obtain and communicate Government sanction at an early date.

Lastly, I would add that it is seen that there is no delay on the part of this office in dealing with this matter.

Yours

RS) Director.

Subject:- Providing additional accomodation in the Industrial School at Channapatna.

In continuation of this office memo No.13018 dated 10-2-1942, I have the honour to state that the Director of Industries and Commerce has since reiterated the necessity for starting the works immediately. In view of the fact that Government have already sanctioned the execution of the work (vide letter No.P.3273 dated 18-11-1941 from the Secretary to Government, Development Department, to the Director of Industries and Commerce, Bangalore) enclosed, I am to request you to kindly arrange to start the work forthwith as per the modified plan herewith enclosed. I request you to kindly intimate the action being taken by you.

A copy of this letter is being sent in advance to the Executive Engineer, Bangalore Division, for necessary action.

No.13122/945/3 Dated Bangalore, the 11th February 1942.

Copy of the above (with a copy of the modified plan) is forwarded in advance to the Executive Engineer, Bangalore Division, for making necessary arrangements immediately.

(Sd) P.Gopalangar.

for Offg.Chief Engineer of Mysore.

No.13123/945/3 Dated, Bangalore, the 11th February 1942.

Copies of the above are forwarded, with compliments, to the Director of Industries and Commerce in Mysore, for kind information, in continuation of this office letter No.13017 dated 10-2-1942, reiterating the urgency for the work.

Action is being taken to start the work. In the meanwhile, sanction of Government to the modified plan and estimate may kindly be arranged to be obtained and communicated early.

Enclosures

SIR,

Refer:- Your letter No. D.6778 dated 16th Febry.1942.

Subject:- Additional buildings for the Industrial-School at Chennapatna.

I have the honour to inform you as follows:-

Your D.O. No.D.2373 dated 12th November 1941 was received here on the 13th November. The Executive Engineer was informed on the 17th that the Government have sanctioned the construction of the buildings and that work may be taken up. He ought back to say on 19th November that the Chief Engineer in Mysore should be addressed for obtaining competent sanction for starting the work. He also added the following words:

"The estimates also require Technical sanction of the Chief Engineer".

On 24th, this Office addressed a letter to the Development Secretary acquainting the Government of the situation and also requesting the Government to have necessary instructions issued to the Chief Engineer in the matter. It will therefore be seen that the Department of Industries & Commerce took timely action.

I have the honour to be,
Sir,
Your most obedient servant,

Dear Sir,

Subject:- Extension of the building at Channapatna Industrial School.

You are already aware of the delay in starting new classes in the Channapatna Industrial School for button making, pottery and leather work. We ought to have started the new classes in January 42, but since the building was not ready, the matter was postponed. I was hoping to open the classes early in June 42, after the vacation, but the progress in the construction of building does not warrant me to do so. I wanted to bring this matter to your kind notice for such action as you may deem fit to take.

Copies of the letters which I have addressed to the Executive Engineer and the Chief Engineer, on this subject, are enclosed herewith for your information.

Yours sincerely,

V. Vedavyasacharya, Esq., B.A.,
Secretary to the Government of
Mysore, Development Department,
Bangalore.

Sir,

I have the honour to [illegible] of a letter No.2817/A1-32 dated 9th April 1938 from the Superintendent, Government Industrial School, Chamarajpet, stating that the contractor who was doing the work of extension of the School Building at Chamarajpet has stopped work for the last one week.

I would like to know if some other action need be taken in the matter or should I simply close the file. Arrangements have been made to start classes from 1st of next month. I request you to kindly see that the building is made ready by that time.

I have the honour to be,
Sir,
Your most obedient servant,

57435

No. DI-336/41-42.
Encl.

Dated 20th April 1942.

Sir,

Subject:- Replacing the thatched shed for storing wood required at the Industrial School, Channapatna by a Zinc Sheet Shed.

With reference to your D.O.letter No.1646 dated the 11th March 1942 addressed to the Assistant Secretary to Government, Public Works Department, Bangalore, on the above subject, copy forwarded to me in Development Secretary's letter No.6207 dated 30-3-1942, I have the honour to state that I have explained in my D.O.letter of even number dated 2-1-1942 addressed to the Executive Engineer, Bangalore Division, Bangalore, copy of which was also sent to Mr.N.Sarabhoja, the then Chief Engineer in my D.O.letter of even number dated 2/3-1-1942, that the construction of the new building sanctioned by Government provided ample storage space for halewood and that as soon as this building was ready, all the wood would be transferred to the new store room.

However I now write to say that since the construction of the additional accommodation to store Halewood at

p.t.o.

at a cost of Rs.10,000/- is sanctioned by Government, the estimate for Rs.800/- to provide a Zinc Sheet Shed for the above purpose is considered unnecessary; hence I request you to be so good as to expedite the completion of the additional building so that the wood may be transferred to the new store room and also the new classes sanctioned by Government started positively as from 1st July 1942.

I have the honour to be,
Sir,
Your most obedient servant,

(Sd) S.G. Sastry.

Director.

Copy of the above is forwarded with compliments to the Secretary to Government, Development Department, for favour of information with reference to his letter No.D.6207/ Encl. dated 30th March 1942 on the above subject.
